About me

Motivated and passionate final-year IT undergraduate with a strong foundation in frontend development, UI/UX design, and data-driven solutions. I have knowledge of HTML, CSS, JavaScript, React.js, and responsive web design and also well-versed with basic IT knowledge. Skilled in using Figma for wireframing and prototyping intuitive user interfaces. Eager to explore full-stack development and leverage AI tools to enhance coding efficiency, debugging, and workflow automation.

Seeking an internship or entry-level opportunity to apply and expand technical and creative skills in real -world software development, agile environments, and collaborative teams. Enthusiastic about continuous learning, contributing to impactful projects, and growing as a professional in the tech industry.

Education

Bachelor of Science in Information Technology   **June 2022- Present**
    University of Jaffna, Sri Lanka

- Academic Performance

Diploma in Human Resource Management   **June 2023 - July 2024**
    LPEC Campus, Sri Lanka

GCE Advanced Level (Physical Science Stream)   **2017- 2019**
    Sri Sumangala National College, Wariyapola

Technical Skills

- **Frontend Technologies:** HTML, CSS, JavaScript, React.js, Tailwind CSS, Bootstrap
- **Backend Technologies:** Node.js, Express.js, PHP, MongoDB, MySQL
- **Development Tools:** GitHub, Git, VS Code, Postman
- **UI/UX Design:** Figma
- **Data Analysis:** Excel, Google Sheets ,Power Bi
- **AI for Productivity:** ChatGPT, GitHub Copilot
- **Software & OS:** Windows,MS Office Suite, Office 365

Projects

- **EstateHub– Real Estate Website (Self-Study Project)**

    Designed and developed a responsive real estate platform utilizing **HTML, Bootstrap, and JavaScript**, providing an interactive and user-friendly experience.

- **Clean Partner– Cleaning Service Landing Page (Self-Study Project)**

    I designed and developed a visually appealing and accessible cleaning service landing page using **HTML and CSS**, focusing on smooth navigation and improved user interaction.

- **BurgerHouse– Burger Shop Landing Page (Self-Study Project)**

I developed a modern and engaging landing page for a burger shop using **HTML, CSS, and JavaScript**, integrating interactive elements to boost user engagement.

- **Personal Portfolio Website**

  Designed and developed a fully responsive portfolio website using **React.js** and **Tailwind CSS**. Integrated **Firebase** for hosting and contact form submissions. Showcases projects, skills, and experience with smooth navigation, modern UI, and mobile-first design.

- **ShopEasy – Online E-commerce Website (Self-Study Project)**

  Developed a modern e-commerce frontend using **React.js** and **Tailwind CSS**, connected to a **fake store API** for dynamic product data and also use **Firebase**. Features include responsive product listings, category filtering, product detail pages, and a clean UI/UX for seamless shopping experience.

Certifications & Courses

- **WebDesign for Beginners–** University of Moratuwa
- **Python for Beginners–** University of Moratuwa
- **JavaScript Essentials 1–** Cisco Academy
- **MongoDBData Modeling Path–** MongoDB
- **Programming Basics–** Great Learning
- **Advanced Certificate in English–** Britishaway English Academy
- **Network Basics –** Cisco Academy
- **MS-900 Introduction to Microsoft 365: Describe Microsoft 365 apps and services-** Microsoft Learn

Languages

- English
- Sinhala

Soft Skills

- Leadership
- Problem-Solving
- Team Collaboration
- Adaptability
- Communication
- Time Management

Availability

Open to **IT internship** opportunities to gain practical industry experience, apply academic knowledge, and contribute to developing innovative technology solutions.
